

Niki L. Norton, R.A.—principle architect—is head of n2 architecture + design, and is an active leader of her community. Past President of the local Chamber of Commerce, The Lyric Theater, United States Green Building Council (USGBC), and the Florida Green Building Coalition (FGBC); she participates not only in local green building and construction, but is also currently licensed in seven different states and carries additional green certifications.

After graduating from the University of Tennessee in Knoxville in 1997, Niki began to practice there before moving to Stuart, Florida. Upon arriving to Stuart in 2002, Niki quickly continued her path in architecture + began her own firm. Within her 20 years of experience, Niki has worked on various commercial, county and residential projects.
