

## Richard P. Tambone

### *Founder, Co-Owner and Manager, Tambone Companies LLC*

Richard P. Tambone is a leading Florida and New England commercial, industrial, and multifamily real estate developer responsible for the acquisition and development of more than 15 million square feet of office, research, industrial, medical, and multifamily projects in South Florida, the Southwest, and the Greater Boston markets.

As the co-owner of the family of Tambone Companies, Richard enjoys an extraordinary track record of integrity, reliability, and responsiveness, with a career in development that includes projects of great diversity, size, complexity, and technical demands. Tambone offers clients the resources, professionalism, and network of a major firm with the flexibility, speed and carefully controlled overhead of an entrepreneurial organization.

From its earliest days, Tambone focused on the highly demanding built-to-suit needs of quality-minded companies. Building on its expertise and assembling top professional teams, Tambone takes companies from site selection and financing through occupancy. Each building that bears a client name also bears the Tambone “signature” – an uncompromising commitment to getting the job done, on time, on budget, as promised.

Tambone Companies had the privilege of working with the City of Port St. Lucie over the last four years, serving as the master developer to market and expedite the sale and development of land within Tradition Center for Commerce, a 1200-acre project. The project was successfully completed in April 2022.

Both the Tambone Companies and Richard personally are committed to giving back to the community. Richard currently sits on the Board of Directors of the Economic Development Council of St. Lucie County and the Treasure Coast Food Bank. He is also an active member of the Orange Avenue Corridor Association, Treasure Coast Research Corridor Association, the PGA Corridor Association, and the Business Development Board of Palm Beach County. Each year the Tambone Companies support numerous organizations and events across the Treasure Coast and Palm Beach County, promoting the area they call home.
